Higher education initiatives

The Higher Education sector has a unique position at the crossroads of education, research and innovation, serving society and economy.

The objective is to develop a genuinely European dimension in the higher education sector, built on shared values, with excellence and inclusion as a distinctive feature of European higher education.

ETRe Project **4th Transnational Project Meeting**

The project: “Empowering schools’ transition readiness to a distance/hybrid learning model enhanced by cloud technology tools”-(ETRe), is funded by the European Commission under ERASMUS+ KA2 Programme. The project, is addressed to educators, educational organizations, decision makers, and school principals, aiming to:

- **create a framework of digital competences and a set of the characteristics** of an educational digital tools repository,
- **explore the importance and the add-on value of the available open source tools,**
- **empower educators** by offering a set of easy-to-read information for tools,
- **develop a guide on how to adapt the suggested framework within a classroom**
- **develop a distance/hybrid learning certification process** for a school organisation to set a standard for schools that wish to achieve an adequate level of readiness.

The meeting took place in Sofia, Bulgaria 13 January 2023, and were presented:

- The results of Output 2 (finalization of infographics, finalization of digital tools online library.
- The Progress of Output 2 (finalization of the Certification process)

The RESULTS of PATHWAYS project **“Upskilling by Creating individualized Learning Pathways” is completed**

The final Conference of the above project took place in Nicosia, Cyprus on Thursday 19 January 2023. The project created a methodology and a set of tools for adult educators and career professional through which they will be in the position to guide low skilled adults in having basic skills acquired through non-formal or informal recognized learning.

The “Pathways” delivered the following outputs:

- The Pathways toolkit for adult education and career professionals who work with unemployed low skill adults
- The training course addressed to adult education and career professionals, aimed at building their capacities to implement the Pathways methodology
- The Pathways e-Learning platform, which will be facilitating the results of the project

The e-learning platform of the project is now available in English: <https://pathways-vle.eu/?redirect=0> **Log in**, and you will be able to go through the course that the partnership has created, read the materials, take small quizzes to test your knowledge, and get a final badge once all the modules are completed!
