ABOUT THE PROJECT:

The PATHWAYS: “Upskilling by Creating Individualized Learning Pathways” project intends to develop a toolkit for adult education and career professionals who work with unemployed low skilled adults. THE ONLINE KICK-OFF MEETING

It was a very constructive meeting where all the partners got to know each other and discussed important matters regarding the development and the implementation of the project. Moreover, the objectives and expected results were presented, along with the initial risks that may arise in the duration of the project.
