FOCUS GROUPS IN ALL PARTNER COUTNRIES

The main objective of the focus groups that were carried out by all partners was to validate the information and contents developed in the toolkit, to analyze the quality and adequacy of the contents to the project's objective, adapting those aspects that can be improved. The focus groups were done in each partner country (Spain, Slovenia, Greece, Luxembourg, Cyprus, Italy) and this helped in the examination and validation of the toolkit from many perspectives, incorporate the expertise from different educational environments and experiences as well as test developments in different cultures.
