CAREER-EU themes and the process to submit an abstract for your active participation is available here: <https://career-eu.info/call-for-abstracts/>

ERASMUS+ Barometer Results: Academic Year 2022-2023

The Barometer survey questions were prepared by the EAEC with the contribution of the European Commission and the survey results covered 30 European and 10 partner countries. During the ERACON Congress and Exhibition 2024 in Porto, Portugal, the results were presented and discussed with the participants and the EC representative.

You can review the results [HERE](#)

Erasmus Without Paper Days: Driving the Future of Digitalization in Higher Education

EWP champions, digital officers, and digital practitioners explored country-specific implementation challenges, offering practical solutions and recommendations tailored to each region.

Led by National Agency Digital Officers, these gatherings brought together over 70 people per event, including International Relations Officers (IROs), IT developers, students, policymakers from Ministries of Education, the European Commission and staff from higher education institutions (HEIs).

Events were held at

- The University for Foreigners of Perugia, Italy
- Breda University of Applied Sciences, Netherlands
- The University of Granada, Spain

Upcoming events

EWP Days are planned for

- Portugal on 14 November
- France on 25 November

More EWP Days and related activities are also planned for 2025.

EU PROJECT NEWS

STEAME ACADEMY-STEAME Teacher Facilitators Academy

The award ceremony for the first STEAME Teacher Facilitators Certification was organized in Cyprus in the form of Micro-credential on the 02 October 2024 in Nicosia. The certifications were offered to the 32 teachers, who completed successfully the STEAME piloting certification programme, by the Minister of Education, Youth and Sport in Cyprus.

For the next Certification programme, follow us at www.STEAME-academy.eu

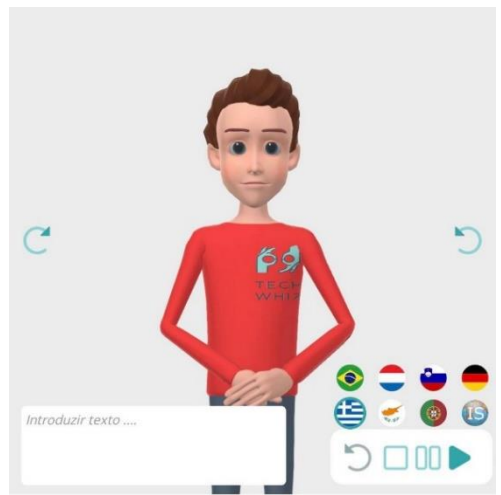

TECH WHIZ

TECH WHIZ: Sign Language Dictionary of Technical Terms for Education

“TechWhiz”, is a twenty-six month project, funded by the EC under KA2 Cooperation among organisations and institutions in HE, in the 2021 Call. The “TechWhiz” project aims to assist deaf students gaining access to education in their first language thus enhancing their learning experience. To address this goal the project will **develop an online semi-automatic platform to create and search a glossary providing explanations of technical or scientific terms in Sign language.**
